EVANGELIST DRAWS GOOD CROWD HERE

A splendid crowd filled the lower auditorium of the Central Church building last Sunday night, to hear Evangelist Winston I. Nunes, of Trinidad, British West Indies, speak on "Armageddon."

The interest was good throughout the whole service, and the audience was amazed to see how the Scriptures foreshadowed the present world crisis, and its trend toward Armageddon.

This Sunday he will be speaking in the Central Church building, on "The Supernatural and His Mark for World Reconstruction After the War," and a record crowd is anticipated.

AUXILIARY FERRY SERVICE FAVORED BY HON. C. S. LEARY

Agrees To Recommend Such Service And Also Extension of Hours

KELOWNA, B.C., June 10.—Although he refused to make any definite promises, Hon. C. S. Leary, minister of public works for the B.C. government, told the Kelowna Board of Trade at a luncheon gathering at the Royal Anne Hotel on a recent afternoon that he would make three recommendations to Victoria which would be of keen interest to the citizens of the Okanagan. The minister agreed to recommend an auxiliary ferry service for the Kelowna-Westbank ferry, an extension of the hours of service on the ferry and the temporary surfacing of most of the highway from Peachland north to the ferry.

Regarding discontinuance of the seventy-five cent toll and the reduction to a basic charge of 25 cents, or elimination of tolls altogether, he would not say that he could make any recommendation.

With Mr. Leary were A. Dixon, deputy minister; William Ramsay, district engineer, Kamloops, and H. W. Stevens, assistant district engineer, Kelowna. Nearly 30 persons attended the session, which was under the chairmanship of R. G. Rutherford, president of the Kelowna Board of Trade.

"I am prepared to recommend that provision be made, and it behooves the Department of Public Works to do this," he declared. He mentioned a figure of \$150,000 to provide an auxiliary service, although earlier in the morning a figure of \$50,000 was mentioned.

"I will not say that ferry tolls can be reduced, but I am sympathetic to your problems," he continued. "But I doubt that I can go to John Hart, and say I will recommend that the toll be abolished and then the next day ask for \$150,000 to build an auxiliary ferry. It is not a sound business proposition."

"But I will recommend to the Cabinet that a longer service be granted, earlier in the morning and later in the evenings, and even that means extra monies."

He instanced some of the costs of roadwork. South Okanagan appropriation this year is nearly \$40,000, with \$22,000 for construction and \$18,000 for surfacing. North Okanagan has a \$50,000 appropriation.

"We hesitate to waste money to surface a road which is to be relocated, and that is the situation between here and Kelowna. I have discussed it with Mr. Dixon."

"If we can find the money, we will surface that road to allay the dust and make a fair road."

PRICES MUST STAY WITHIN REACH OF FARMERS' INCOME

Pointing out that prices of farm products have not risen in this year as they did in the last, Harold Crabtree, president of the Canadian Manufacturers' Association, addressing the 70th annual general meeting of the organization declared that farmers were in a desperate straits and a great spread developing between the prices of what they have to buy and what they have to sell.

"The greatly increased demand for industrial labor draws young people away from the farms and makes it difficult for farmers to retain necessary help," he said. "In these circumstances, the farmers naturally are concerned at the prospect of industrial costs, and, consequently, prices of goods, mounting still higher. The big increase in these costs in wages and from the farmers' point of view, the industrial workers are already in a privileged position."

Mr. Crabtree was arguing against any increase in industrial wages, but the level suggested by the government, the wage level of 1926-29 (or higher wages paid since then), declaring that any further increase would be unjustifiable.

Opens First War Effort Calf Auction

Hundreds of dairy farmers from Canada and the United States did brisk bidding at the first war effort calf auction at Brampton, Ont., May 27. The calf offered is shown with (left to right) B. H. Thompson, president of the Holstein-Friesian association of Canada, sponsors of the event; Hon. J. G. Gardiner, federal minister of agriculture, who announced he is dropping his post as minister of war services; and Hon. P. M. Dewar, Ontario minister of agriculture.

Torch Ceremony Opens Armstrong Loan Drive

Soldiers and Kelowna Pipe Band Loan Color To Ceremony

ARMSTRONG, B.C., June 9.—Thursday, June 5, 1941, is a long to be remembered day in the annals of Armstrong and district when it was their privilege to have in the parade to the Torch Dedication Ceremony at the recreation grounds the Kelowna Pipe Band, and through the kind permission of the Officer Commanding, Lt. Col. A. C. Sutton, D.S.O., some 500 troops from No. 110 Canadian Army Training Centre with their band from Vernon.

At 1:30 Thursday afternoon one of the most colorful parades ever seen in this city left Zion United Church, led by the police. Then came the flag (British, American, and Greek) bearers, Canadian Legion, Torch bearer and band, local R.M.E.s, Kelowna Pipe Band, troops from Vernon, elementary school cadets, boy scouts, wolf cubs, Canadian Girls in Training, girls' cadet corps and high school cadets.

Crowds followed the parade along Railway Avenue to the recreation grounds where a large crowd had already gathered and loudly greeted them as each section of the parade took its position on the grounds and in the grand stand. Harvey Brown, torch bearer, and two military guards came forward, seated the torch, and took their places on the platform on which were Mayor Wilde and E. J. Chambers, of Vernon, along with Mayor Adair, Reeve Noble, Rev. G. Sydney Barber, Rev. A. B. Sharples, Rev. J. M. Netterfield, Rev. G. C. Boothroyd and John H. Wilson, chairman of the Victory Loan campaign, all of this city.

Following the singing of "O Canada" led by the Canadian Army Training Centre band, prayer was led by Rev. Barber.

Rev. Sharples then dedicated the Torch with these words: "In the beginning God created Heaven and earth, and earth was without form, and void, and darkness was upon the face of the deep. And the spirit of God moved upon the face of the waters. And God said, 'Let there be Light, and there was Light. And God saw the Light, that it was good, and God divided the Light from the darkness. At the beginning of August, 1914, the late Sir Edward Grey, looking at the lights of London from the window of the Foreign Office, said: 'I see the lights of Europe going out one by one.'"

Twice within a quarter of a century, the lights of Europe have gone out and darkness now covers many parts of the earth, and because some wicked men love darkness rather than light, because their deeds are evil, grievous things are happening. From out of the darkness at this very moment, bombs of death, terror and destruction are falling on the heart of our Empire, falling on men and women and little children. The perpetrators of these dastardly deeds are living in a moral darkness where the light of brotherly love, human kindness, justice, freedom and honor never penetrates.

But those who suffer, our brethren across the sea are living in darkness too, but thank God, not moral darkness. Their land may be darkened at the set of sun save for the light of myriad stars, but their hearts are not in darkness. The windows of their homes may be curtained, but within heart and home, a fire burns which will never be quenched. With them the fires of indomitable resolve to endure are burning bright, facing danger and fearful odds every hour they carry on undismayed.

Our hearts are thrilled with the story of their courage, a story that will be read as long as history lasts, but they are outnumbered in the weapons and machines of war and they gaze wistfully from the old world to the new praying that the succor they so urgently need will come quickly.

They shall not be disappointed. Gradually day by day our great empire is gaining strength. The moon may be in the light of freedom are going to share that light with them.

Solemnly, with every implication of what it means, recognizing the call to effort and sacrifice, we dedicate and light (the lighting being done by Scout Patrol Leader George Austin, whose father is in the Active Forces) this torch today as a symbol of our determination that those who live in darkness shall share our light. As God sees this light, He will say that it is good, and when the day of victory comes, we shall know that once again, God has divided the Light from the darkness."

The scroll was then signed by those in authority.

"Land of Hope and Glory" was sung by Frank Snowsall, a choir of school children joining in the chorus, Mrs. R. J. Garner at the piano.

With right hands placed over their hearts, and led by Rev. Netterfield, all repeated the pledge, "I hereby declare my belief in Almighty God, and re-affirm my loyalty and allegiance to His Majesty the King, and further declare my support for British institutions."

I pledge myself and my all to hold the Torch on high and to march shoulder to shoulder with the Motherland and the Empire in our righteous cause through victory and enduring peace."

A very sincere and inspiring address was given by Rev. Barber who emphasized the need of prayers, money, time, weapons of war and assistance in every way possible, in the distance between the Canadian eastern shore and the enemy is not termed in thousands of miles but only hundreds of miles.

Following the singing of "Eternal Father, Strong to Save" a prayer for "Victory" was given by Rev. Boothroyd, after the playing of "God Save the King" the Torch was taken to the City Hall by Guard of Honor (flag bearers, torch bearers and guards, legion, and R.M.E.s) to the music of the military band.

By kind permission of the Officer Commanding, Lt. Col. A. C. Sutton, D.S.O., the large crowd employed to the full a most excellent military display—platoon drill and preliminary and advanced bayonet drill. It was with extreme pleasure the solemn ceremony of Retreat during which, while all troops stood in "Abide With Me" and the flag was slowly lowered. At the end of "Retreat" the flag was neatly folded and placed in the hands of Mayor Adair for safe keeping.

C.M.R. HOLD REUNION

Seventh Annual Dinner Held In Salmon Arm On Sanctuary Wood Anniversary

SALMON ARM, B.C., June 9.—The seventh annual re-union dinner of the 2nd C.M.R., C.E.F., was held in the Salmon Arm Drill Hall last Thursday evening, June 5.

It was the 25th anniversary of the Battle of Sanctuary Wood and Maple Copse from June 2 to June 5, 1916. In this battle this brigade alone suffered 1,788 casualties and lost the Divisional Commanders—Major-General W. B. Mercer and Brigadier-General Victor Williams. The former was killed and Brigadier Williams was captured by the enemy.

A goodly number of the remaining men of this battalion attended this re-union but among those missing were "Mickey" McGuire because he is now Major McGuire, of the 9th Armored Regiment, A.F., also "Yorky" Hayhurst for the same reason, J. "Jock" McGregor, V.C., and Lt. Col. Walter Bapty, second-in-command and commanding officers, respectively, of the 2nd Battalion Canadian Scottish, were also absent, as was Laurence Miller, now Colonel L. W. Miller, D.S.O., Administration Officer Pacific Command.

Some 37 men sat down to the dinner and they were, from Vernon: W. L. Hodgkins, E. Cullen, D. Ricketts, H. Page, J. Scrimgeour, R. N. Chambers, W. Baverstock, E. Tripp, H. W. Galbraith, T. J. Hayes, G. W. Pearson, J. B. Woods, H. R. Denison, J. T. Fowle, C. Louch, Sgt. Jenkinson, Cpl. E. Baker, and H. C. Ward; from Salmon Arm: G. E. Barker, G. F. Ibbotson, C. L. Hart, A. G. McNabb, H. Swanwick, and E. M. E. West; from other towns: F. A. Martin and W. A. Bernard, of Kelowna; W. Hayward, Winfield; C. W. Husband and John "Paddy" Hill, Lavington; J. Wheeler, Lumby; W. T. Fleet, Penticton; H. H. Teitlock, Canoe; H. A. Bogert, Enderby; Ross Hett, Hefley Creek; and Dr. A. G. Nalmsith (Trooper Kidd) and D. G. Gouch, of Kamloops.

Following the dinner a program consisting of toasts and a singing rounded out a very enjoyable get-together. The chairman, C. C. Barker, proposed the toast to "The King", H. W. Galbraith to "Fallen Comrades", H. R. Denison, "The

MRS. W. W. MOORE IS ELECTED WOMEN'S CANADIAN CLUB HEAD

Review Of Past Year's Activity Emphasizes War Effort

Mrs. W. W. Moore was elected president of the Women's Canadian Club at the organization's annual luncheon meeting held in the Burrall Hall, Thursday, at noon. She succeeds Mrs. H. B. Tate, who will hold the office of past president for the ensuing year.

Mrs. H. J. Alexander was named first vice-president with Mrs. W. J. Smith, of Armstrong, second vice-president and Mrs. Tom Collie as third vice-president. Mrs. M. R. Godfrey is secretary and Mrs. L. R. Nash will hold the treasurership office.

Members of the executive committee are Mrs. C. W. Morrow, Mrs. Mackenzie Ross, Mrs. H. L. Courrier, Mrs. Daniel Day, Mrs. A. A. Denny, Mrs. F. Grahame.

Interesting reports on the club's activities of the past year were presented by various officers. One of the most interesting disclosures made in these reports was the extent of the organization's war work.

Twelve members aided in the work of National Registration last summer. The club has been responsible for canvassing two War Savings zones in the city. Canvassers played their part in the Auxiliary Services and Red Cross drives. The club was represented in the War Savings Parade and its members sold stamps at the dug-out at the Post Office corner and later from the playhouse. A cash donation was made to the Dug-out and also to the Red Cross.

Further assistance was given the Red Cross through the collection of woolen materials from which 15 blankets were made.

These were some of the things done in the Vernon Women's Canadian Club war effort.

Regiment's F. A. Martin, "The Services" and D. G. Gouch, "The Next Re-union". "Andy" Collier, of Salmon Arm, although not a member of this battalion, kindly came down to assist in the singing and was ably assisted by "Gerry" Pearson and J. Wheeler. The happy gathering closed with the singing of "God Save the King."

After a couple of years when they had to forego their annual fishing trip, the Old Gang left for a ten days' outing to Fish Lake in the Douglas Lake Cattle Co. district, last Saturday morning. Two of their numbers, R. J. Hauer and J. Harbell are well past their 80th milestone and are still young in spirit and look forward with anticipation to this yearly trip. Others making the trip were R. W. Bruhn, M.L.A. and F. Kappel, of Skia-mois, R. Thayer, S. J. McMillan, George Duncan and C. Robinson.

After spending the past three weeks on leave in Salmon Arm, A.C.2 A. Tweeddale, R.C.A.F., left last Saturday morning to return to his unit at Toronto.

Miss Maybee, R.N., from New Westminster, arrived last week and is now on the nursing staff of the Salmon Arm General Hospital.

Dr. and Mrs. W. A. Drummond left last week on a month's vacation to Eastern Canada. During their absence Blott, of Vancouver, is assisting Dr. A. Beech in Salmon Arm.

"Meb" Yee and Pte. J. Golley, of the training centre in Vernon, spent the week end visiting their homes in Salmon Arm.

Mr. and Mrs. E. E. Mason returned to Salmon Arm on Tuesday night after spending ten days' holiday cruising and fishing on all parts of the Shuswap Lake.

Mrs. A. Tomkinson left last week for Prince Rupert where her husband, Cpl. A. Tomkinson, B. Com-pany, R.M.E., has been stationed for the past few months.

Mr. and Mrs. Herb Sladen, of Allenby, are spending a few days visiting in Salmon Arm. Mr. Sladen is assisting his mother who is moving temporarily from this district for the duration of the war.

Miss Marjorie Rattray, R.N., who has been on the staff of the Salmon Arm Hospital for the past month has accepted a position at St. Paul's Hospital, Vancouver, and left to commence her new duties last week.

DOUBLE YOUR MONEY BACK
If not the Best You've Tasted!

FARMERS TO MEET LEGION ON SUNDAY

A win for the Farmers in next Sunday's Spencer Cup cricket match at Lakeview Park will give them undisputed possession of first place in the Okanagan league. Opposing the Farmers will be the local Canadian Legion eleven.

At present the standing in the cup schedule are Kelowna one win, Farmers one win and one loss, and Legion one loss.

Enderby Flower Show Proves A Fine Success

Proceeds Of Garden Club Display To Go To Red Cross Fund

ENDERBY, B.C., June 9.—One of the largest crowds ever to have attended the Enderby Garden Club flower show, thronged into the Parish Hall on Saturday afternoon. This was the first flower show to be held this season. Ordinarily, the club held shows in spring, summer and fall, but this year, due to war demands, the club decided to only hold the one show and it to be a summer one. The showing of flowers was exceptionally good this season, and those in charge of the arrangements agreed that the display was well worth the effort. They plan to have another early in the fall.

The net proceeds from the day's show, tea, and the sale of raffle tickets, amounted to \$15.25, which is to be turned over to the Red Cross funds.

Those winning prizes were: Rose, Mrs. E. E. Harvey, first and second. Rose bud, Mrs. E. E. Harvey, first and second. Bowl of roses, Mrs. E. E. Harvey, first. Peonies, Mrs. C. Horrex, H. F. Cowan, second and third. Peonies, Mrs. McDonald, Mrs. Horrex, Peonies, Mrs. Horrex, Mrs. Burton, Iris, German, Mrs. McDonald, Mrs. J. Gardner, Mrs. B. H. Morris, Iris, Mrs. B. H. Morris, Mrs. E. E. Harvey, Mrs. C. Horrex, Pansies, Mrs. T. Ashton, Columbine, Mrs. T. Ashton, Mrs. Horrex, Mrs. Gardner. One kind of flower not named above, Mrs. C. E. Richards, Mrs. Burton, F. Cowan. Vase of cut garden flowers, Mrs. Gardner, Mrs. Burton. Table decoration, Mrs. Burton, Mrs. B. H. Morris, second and third.

LEAVE FOR GOLDEN

Mr. and Mrs. Charles Horrex and daughter, Beverly, left by motor for Golden to spend the week end visiting with relatives.

P. G. Farmer and H. Danforth and crew have been busy the early part of the week in the local pole yards, getting carloads of poles ready for shipment.

Mrs. W. Allum, who has been enjoying a holiday at the home of her son and daughter-in-law, Mr. and Mrs. Chris Allum, arrived home on Monday.

Mrs. Sam Shyle, a former resident of Enderby, was in town visiting with old friends this week. While living in Enderby, Mrs. Shyle resided in what is now the McSherry house, and her husband was employed in a logging camp back of the A. Glen farm, where he was killed in an accident a number of years ago.

Another former Enderby resident to be in town looking up old friends was Mrs. William (Billie) Pell, of Vancouver, who lived in Enderby some years ago. Many will remember Mr. Pell operating the blacksmith shop, now owned by A. O. Blackburn, during his years in Enderby.

Mrs. M. M. Peel and Miss M. V. Beattie were visitors in Vernon on Saturday afternoon.

The many friends of Miss Eileen Morton, R.N., are pleased to see her home again, spending a month's vacation with her parents, Mr. and Mrs. T. S. Morton. Miss Morton

has been employed on the staff of the Revelstoke hospital during the past year.

The Misses Marjorie and Helen McMahon left by stage on Saturday afternoon for Revelstoke to spend the week end visiting at the home of Mr. and Mrs. Harry Chomat. On Monday G. E. McMahon accompanied by his father, James McMahon, motored to Revelstoke and were accompanied on the return by the Misses McMahon.

The many town friends of John Freeman were pleased to renew acquaintance with him again, when he arrived home to spend the holiday week end visiting at the home of his parents, Mr. and Mrs. William Freeman. John has been employed at Vancouver during the past couple of years and his many friends were pleased to see him home again.

Mrs. William Woods, of North Enderby, spent Saturday visiting with friends in town.

Mrs. John McCulloch, of Vernon, motored to Enderby on Sunday to spend the day visiting at the home of her father, George Sharpe.

Miss B. Robinson, accompanied by her mother, returned home from a holiday at their Mara Lake summer cabin on Monday afternoon.

The many friends of Miss Sally Walker were pleased to see her about town again this week after having been confined to her home for some time following an appendicitis operation.

Mrs. Jim Sutherland, who has been employed at Kelowna during the past month, motored to Enderby to visit at the home of her father, William Scott, over the holiday week end.

Mrs. George Rands, Jr., arrived home from Kelowna on Saturday evening after visiting during the week with her parents.

Local friends of Mr. and Mrs. William Walmsley were pleased to see them in town again this week when they spent a short holiday visiting at the home of their daughter, Mrs. Henry Walker. On their return to their home at Trail, Mr. and Mrs. Walmsley will be accompanied by Mrs. Walker and small daughter, Anne.

Mrs. Staten, who has been residing at Revelstoke, made a visit in Enderby this week end, visiting with her mother, Mrs. Airth, and her sister, Mrs. A. Green.

BRIDE FETED AT SHOWER

Miss Earla Sauder, whose marriage to Belford Valair, is to take place July 10, was the guest of honor at a linen shower held at the home of Mrs. D. Howrie, on Tuesday evening. The joint hostesses being Mrs. D. Howrie and Miss Hazel Hull. Those present were Mrs. Howrie, Sr., Mrs. I. V. Sauder, Mrs. P. Valair, Mrs. Garbutt, Mrs. M. Haner, Mrs. Elsie Shaw, Mrs. F. Price, Mrs. Stuart Martin, Mrs. R. W. McIndoe, Mrs. I. Crozier, Mrs. H. H. Evans, Mrs. P. Morse, Mrs. W. J. Oliver, Mrs. Russell Neill, Mrs. J. Briard, Jr., Mrs. Elizabeth Palmer, Mrs. E. Hale, Mrs. F. Given, Miss Katherine Sauder and Miss Edith Hale. The bride-to-be was the recipient of many lovely and useful gifts.

Examines Pupils

DR. CHARLES PEAKER

Eminent Canadian organist and choirmaster, who will conduct Toronto Conservatory of Music examinations in Vernon on June 16, Dr. Peaker is a fellow of the Royal College of Organists in London, England, and holds the degree of doctor of music conferred on him by the University of Toronto. As a faculty member of the Toronto Conservatory of Music, he specializes in the teaching of organ and theory.

OYAMA GARDEN FETE TO BE STAGED TODAY

Elementary School Concert To Be Feature Of Week End

OYAMA, B.C., June 10.—The Women's Auxiliary of the St. Mary's Anglican Church intend to hold their annual garden fete at Hillsborough, Oyama, on Thursday afternoon, June 12. The ladies plan to present a program of dancing, singing, fortune telling, and games. Home cooking and fancy work will be sold.

The Oyama Elementary School concert will be held on Friday at 7:30 p.m. in the school. The children's choir and soloists will be featured. Red Cross work will be sold in aid of the Lord Mayor's Fund. Refreshments will also be served.

Mrs. A. Gillespie, Mrs. P. K. Wynne, Miss A. Towgood and Miss R. East, have joined the Women's Service Corps in Vernon.

Mr. and Mrs. F. Patterson have left for the East on holiday. They intend to visit their daughter, Inez, who is working in the civil service at Ottawa.

ARMSTRONG PIONEER PASSES

Mrs. Emily Jones Brought Back To Early Home For Burial

ARMSTRONG, B.C., June 9.—On Friday afternoon, in St. James' Anglican Church, Rev. A. B. Sharples officiating, final respects were paid to Mrs. Emily Jones, who passed away on Monday, June 2, at the age of 88 in her residence, The Haven, 204 Glen Drive, Vancouver.

Mrs. Jones was a resident of this district before Armstrong was formed, coming from the eastern states in 1893 to live with her sister and brother, Mrs. Jake Laur and J. C. Wallace at Lansdowne. Here she carried on as assistant postmaster and worked at her trade, dressmaking. She later had a dressmaking shop in her rooms in the house now owned by Chief G. F. Elliott in this city.

About 4 years ago Mrs. Jones went to Chilliwack and later to Vancouver. When death came she was brought back to Armstrong to be buried beside her sister in the Lansdowne cemetery.

VERNON GIRL IS WED ON VANCOUVER ISLAND

Miss Jessie Holland Becomes Bride Of Alvin Joseph Knight

A wedding of interest in this city was solemnized in the Saanichton United Church on Monday, June 2, when Miss Jessie Holland, daughter of Mr. and Mrs. J. J. Holland, and Alvin Joseph Knight, eldest son of Mrs. C. K. Knight and the late Mr. Knight, of Alberta, were united in marriage. The officiating clergyman was Rev. D. M. Perley, of Sidney.

The bride was given in marriage by her father and was attended by the sister of the groom, Miss Lula Knight. David Gow was best man.

The bride wore a ducky rose redingote ensemble and matching hat and carried an arm bouquet of roses, large white carnations and mauve sweet peas entwined with maiden hair fern. The bridesmaid wore a Queen's blue dress with a small white flowered hat. Her bouquet was pastel tone sweet peas and large pink carnations with maiden hair fern.

Miss K. Lowe was organist. After the ceremony a reception was held at the young couple's new home at Brentwood Bay.

Brantford Lad Knows "We'll Win"

A patriotic youngster, 12-year-old Arthur Chute of Brantford is confident about the outcome of the war. When Bridget, his cat, gave birth to three kittens a few days ago, the boy examined the distinct letter, "W" appearing on the three tiny heads and told his parents the letters meant "We Will Win". Then Arthur thought it over and decided to name the kittens Winston, Wavell and Wilkie. In each case the "W" is clearly marked on the tiny brown forehead.

Post War Influx of Settlers Forecast

Europeans Looking To B.C. Farmers' Institute Is Informed

Influx of people of the right type into British Columbia after the war and a substantial increase in volume and variety of farm production in this province were forecast by Hon. K. C. MacDonald, minister of agriculture, at the annual convention of District "D", Farmers' Institutes, at Kamloops, on Wednesday.

One striking inquiry, of the many received in this connection, came from the representatives of a former small nation in Europe. Before its submergence by Germany, there had been a contented, prosperous population of 30,000 souls. Complete disruption followed the invasion and now these people were planning homes in a new land where climate, soil and fellow human beings would assure security and full opportunity to work out their destinies.

Dr. MacDonald reiterated the pledge he had given District "D" and the representatives of the day, that he would devote his every effort to provide that the farmers be accorded the right of collective bargaining, as it was enjoyed by other classes.

He endorsed the Federation of Agriculture movement and urged the F.I. members to give their movement their full support in their own interests.

The delegates backed up Dr. MacDonald strongly on both issues and passed a resolution calling on the Dominion government to pass enabling legislation to assist the six provinces which had passed Natural Products Marketing Acts, designed to promote orderly marketing.

Parity of prices to farmers was the subject of another resolution, addressed to the B.C. Federation of Agriculture and through it to the Canadian Federation of Agriculture. Its purpose is to secure for farmers prices which are on a par with those of other industries in respect of services rendered.

Vigorous support was accorded the B.C. beef cattle growers in their resistance to the packers' proposal regarding payment for carcasses on the packing house rail. A resolution to this effect was passed.

It also contained a pledge of support of the Beef Grading Act, as it now stood. President-elect W. F. Palmer, who is also president of the B.C. Beef Cattle Growers' Association, reviewed conferences which were held between growers' and packers' representatives in Vancouver last week. It had been agreed, with Mr. Palmer dissenting, that a board of referees, made up of a grower, a packer and a retailer, be set up to survey the matter and that meanwhile the packers' work not enforce their proposed pay on the rail regulation. Mr. Palmer did not see why a retailer should be included on this board.

Mr. Palmer upheld the Beef Grading Act. Previously, he said, the fall and cattle had been coming to the Coast market from Calgary and Edmonton. Now, with grading in force, Alberta was sending good cattle. Consumer demand had increased because housewives got what they paid for and had learned this.

"We'll fight this thing through," he declared, and the delegates applauded.

The Loss Leader Act was strongly endorsed by resolution. R. H. Carson, M.L.A., quoted from a circular broadcast throughout British Columbia by a large store, purporting to show that the Loss Leader Act was depriving people of the privileges of buying cheaply. Mr. Carson noted that only one commodity, sugar, was mentioned. Yet, he said, this circular had gone to many farmers' institutes and other farm groups and some had, through lack of information, "fallen for it."

The resolution commended Hon. Dr. MacDonald for protecting the consuming public through the Loss Leader Act.

One subject of lively interest was coyotes which were reported by the delegates to be doing increasing damage to livestock and poultry. A resolution calling for an increase in the bounty to \$5 was submitted and passed with the stipulation that the bounty be accepted as sufficient evidence of damage. D. Thompson, of Chase, suggested that the ammunition companies be requested to put up part at least of the bounty money and an approach will be made in this direction.

Among the other speakers were J. B. Munro, Mr. Carson, Dr. B. M. Wood, of the Veterinary Division, University of B.C., T. G. MacKenzie and C. A. Inghin, secretary of the B.C. Federation of Agriculture.

Officers elected were: President: W. F. Palmer, Haffley Creek; first vice-president, Charles Cleavelly, Blackpool; second vice-president, D. Thompson, Chase; member Advisory Board, William Harrison, Pritchard; representative B.C. Field Crop Union, William Harrison, secretary-treasurer, W. Colley, Kamloops.

Edna Jaques

(Continued from Page One)

people poetry is a pain in the neck. To others it is a voice within saying something they cannot.

Her first reading was of a poem "To a Clothesline". She chose this to remind you that there is work to be done in the world. And she added, "I don't believe that there is a prettier sight in the world than a clothesline hung with clean clothes—banners of the conquest over dirt."

There was "Timber Line", a beautiful little descriptive piece written in the mountains above Banff. And that was followed by a bit of reminiscent poetry dedicated to her old Ontario grandmother.

A "Poem To the Radio" told of a little girl's wondering of how God could hear her prayers, and how, when that little girl grew up and encountered that "little man-made thing of wood", the radio, all her wonderment faded.

In introducing her fifth reading, Mrs. Jaques told of how she had stood in the railway station at Toronto last summer, and watched in awe and pride the courageous bearing of the hundreds of refugee children who were streaming in from the trains, with shoulders back and unafraid.

"Child-Refugee" was dedicated to one of them.

Last of all she read a selection to "that brave and lovely woman" the Queen.

As she finished, she was presented with a huge bouquet of poems by Bruce Cousins, and was soon surrounded by a large group of her Vernon friends.

The evening's program was opened with four songs by the Legion Male Chorus: "John Peel", "Duna", "Kentucky Babe" and "Dear Land of Hope" (Sibelius). They too, earned enthusiastic applause from the audience. The chorus, conducted by Arthur Downing, was made up of: tenors, George Hopwood and C. W. Gaunt Stevenson; second tenors, A. Campbell, W. J. Oliver, Jerry Pearson and G. P. Bagnall; first basses, Bruce Cousins, H. G. Bartholomew, Dr. Jenkin H. Davies; second basses, A. E. Berry, J. Simpson, George Humphries, and Jack Brandt. The accompanist was Harry Aldred.

LUMBY SCHOOL NEWS

LUMBY, B.C., June 9.—In the recent school year loan poster contest for the North Okanagan Inspectorial district, Roy Dovov, of the High School, won first prize in class D; Jean Orandon received honorable mention in the same class. Other entries were made by Stanley Brewer, Lyle Hanson, Patay Shunter, Billy Hines, and Shirley.

the monopoly; yet they cannot buy the fruit. The monopoly takes to itself the right to select its own dealers and designate the terms upon which its products shall be sold. I protest most emphatically against any monopoly, subsidized and protected as this one is, selecting its dealers here and there and

LOOK OUT FOR YOUR LIVER

Buck it up right now and feel like a million! Your liver is the largest organ in your body and most important to your health. It pours out bile to digest food, gets rid of waste, supplies energy, allows proper nourishment to reach your blood. When your liver gets out of order food decomposes in your intestines. You become constipated, stomach and kidneys can't work properly. You feel "rotten"—headache, backache, dizziness, dragged out all the time. For over 35 years thousands have won prompt relief from these miseries—with Fruita-Tives. So can you now. Try Fruita-Tives—you'll be simply delighted how quickly you'll feel like a new person, happy and well again. 25c, 50c. Fruita-Tives, Canada's Largest Selling Liver Tablets

In his statement on Mr. McNiven's remarks, Mr. Loyd told The Vernon News:

"It is hard for us to understand on what grounds the writer could justify any statement to the effect that the prairie consumer is obtaining no advantage from the British Columbia controlled deal, and we also doubt very much whether the author of the statement has given any consideration whatever to the needs of the producer. We have never noticed advocates of this type tilting at the collective bargaining almost uni-

versal in other industries, and in the long run such action is generally accepted by our present economic system.

"There are features of the deal which are possibly the ones in which the writer of this trade was more interested. These concern entirely the rights of the producer representatives to select their distributing channels to see that the proper representation is obtained in the markets, and representation which is in the best interests of their clients, the growers. We believe them to be fully justified in exercising their best judgment in this respect. It is possibly regrettable that in pursuing this course they may conceivably influence adversely some existing distributing operations, but this fact would not deter, we believe, such producer agencies utilizing those who, in their opinion, are best qualified to serve them.

"We might add in this connection that very positively the opinion of our friends on the prairies are not represented by the one-sided attack offered by Mr. McNiven. Almost on the same day his statement was made, we find the following quotation in the Country Guide and Nor-West Farmer, a Winnipeg publication, covering the same field:

"The Tree Fruit Board and the Sales Agency responsible for the apple movement and the sale of the Okanagan crop did a remarkably good job of marketing this season. . . . If a heavy stuffing was needed to make some Canadians 100 percent apple-conscious and so make them better consumers in the future, the idea was given a good try last season, and if there is anything to the theory, should result in a much friendlier feeling for apples next season and thereafter by many thousands of citizens, for the home intake since last October surely was of record proportions."

"Regulated agricultural marketing can only have one reason for existence, and that is a reasonable

return to the man on the land, combined with a sound product at a price as is possible. In attempting to attain this objective, the farmer is confronted with a very complex problem, and, without doubt, from time to time mistakes are made.

"In our opinion, however, the principle is entirely sound, and works to the benefit of all concerned, and unbalanced statements either as to its merits or otherwise are not helpful. The present plight of the agriculturist in many branches has been recognized by the government who have confined their help to assisting such branches to survive. We believe their action to be justifiable and far-sighted. Insofar as cost is concerned, assistance to the B.C. fruit industry (with 50 percent of its market lost) has been much less than was found necessary in some other cases."

Mr. McNiven's remarks were challenged on the floor of the House by Hon. Grote Stirling, member for Yale, who said that if conditions were "one-sided as had as described" use could be made of the Combines Investigation Act to lay bare the wickedness of this combine.

MISS R. E. MacDOUGALL IS MARRIED IN CITY

A very pretty wedding was solemnized at the Vernon United Church on Sunday, when Miss Ruth Eileen MacDougall, only daughter of Pto. and Mrs. Allen MacDougall, became the bride of Lawrence Broviold, son of Mr. and Mrs. Broviold, of Burnaby. Rev. Dr. Jonkin II. Davies officiated.

The bride entered the church on the arm of her father, wearing an afternoon frock of Queen's blue crepe with hat and veil on. She wore a corsage of Bridal roses.

After the ceremony a reception was held at the home of the bride's parents, Mrs. MacDougall received the guests, wearing a dress of navy blue.

Later the happy couple then left amid showers of rice and good wishes, by car to make their future home in Vancouver.

A. A. ROGERS RESIDENT OF CITY FORTY YEARS

Today, Thursday, is an anniversary of note for Alfred Rogers, of this city. Exactly 40 years ago today Mr. Rogers, accompanied by his wife and their two daughters, arrived in Vernon from the East. He recalls that the train journey from Steamtown was so slow that he was five hours en route over the 60-odd miles. The train was nicknamed the "molasses express."

SCHOOL REGISTRATION

The Principal of the Vernon Elementary Schools will be at the Central School on Saturday, June 14th, at 9:00 a.m. to register beginners whose parents wish them to enter school in September, 1941. Children who will not have reached six years of age by September, 1941, will not be registered, but will be entered in September, only if there is accommodation for them. Parents will please bring birth certificates with them. These children will be vaccinated on the day of registration unless parents sign a statement of conscientious objection. Registration must be made at this time to enable the Board to arrange for teachers. Registered children will be given preference in September.

THE BOARD OF SCHOOL TRUSTEES,
VERNON CITY SCHOOL DISTRICT

Town and District

T. F. Adams is a business visitor to Vancouver this week.

Hamish Grant, of Irish Creek, left this city Monday night for Vancouver to take the R.C.A.F. medical board examination.

Aircraftman Hubert Johnson, R.C.A.F., spent short leave at his home here during the week. He returned on Saturday to the wireless school at Calgary.

George Morrow, of the Canadian National foreign freight office in Vancouver, spent the holiday weekend here as the guest of Mr. and Mrs. Maurice Irvine.

Ron Campbell, son of Mr. and Mrs. Alice Campbell, who recently joined the army at Victoria, returned to his home here for a motor mechanic, left this week for Trenton, Ontario, his parents have learned.

Rfn. Roy Wright, B.C. Regiment, D.O.R., returned to his home in this city during the week to spend two months' sick leave after a recent operation. He will rejoin his regiment in the East in August.

Sgt. Pilot John Lishman, R.A.F., who is instructing at an R.C.A.F. school near Moose Jaw, Sask., arrived Monday to spend two weeks' leave at the home of his parents, Mr. and Mrs. Noel Lishman, of B.X. district.

Vincent Hyland, of Vancouver, and formerly of this city, was a visitor here for a few days while returning to his home in Calgary, where he wrote his bar examinations. While here he was the guest of Mr. and Mrs. A. Willis.

Robert Clayton, son of Mr. and Mrs. Jack Clayton, left recently for the Coast where he has joined the 2nd Canadian Scottish as a piper. This youth, who is just 17, was a member of the Vernon Kiln-donnan Pipe Band.

Ted Kirk, a member of the Vernon schools staff, returned to this city recently after several months' service with the R.C.A.F. illness made it necessary for Mr. Kirk to secure his discharge and he will soon take up duties as assistant janitor at the High School.

The Junior Hospital Auxiliary will give its annual bridge tea at the Country Club on Saturday afternoon next. This organization has done excellent work in purchasing new equipment for the Jubilee Hospital's laboratory and operating room. Funds from this tea will also be earmarked for this purpose.

Robin Richmond and Jack Downing are two more Vernon youths who will be leaving during the next week in answer to calls from the R.C.A.F. One of the city's first ranking golfers, "Barney" Murphy has also received an R.C.A.F. call to report later this month.

Jack Hairsine, Gerry Tucker and David Munroe motored to the Coast last week and returned to this city on Tuesday. They made the trip to Vancouver in a 1927 T-model Ford and this lent something of a pioneering aspect to the journey down. It became quite clear to them why the trip to Vancouver used to be a full two day jaunt.

Otis Reinhard returned on Thursday last week from Calgary after having written his Alberta bar examinations. He was accompanied here by Vincent Hyland, son of Mr. and Mrs. T. W. Hyland, former well known residents of this city, who spent several days visiting with friends here before returning to the Coast Monday. Neil Davidson, son of Mr. and Mrs. A. Davidson, wrote the same bar examinations in Edmonton last week. All three went through the University of Alberta together.

The results of the High School recommendation examination will be announced at the annual Honors Day ceremony in the Scout Hall. The government examinations for junior and senior matriculation begin on Monday. All other final teachers' examinations will also be on that date and will last throughout the week. There are 69 students taking junior matric subjects in the school this year and 14 writing senior matric subjects.

The Goldstream Women's Institute held the largest crowd in its history on Friday night when over 250 attended the Institute's old time barn dance in aid of the W.I. war effort. The sum of \$32 was cleared for this fund, the largest crowd the hall has ever witnessed before was 125 and the convenors were completely unprepared for the record turnout Friday. The music was supplied by a volunteer orchestra, which has received the institute's thanks. Also appreciation was expressed for the excellent spirit of those who attended and enjoyed themselves despite the crowded condition of the hall.

The Salvation Army in this city is to lose two leaders who, during their two years of residence here, have enjoyed wide popularity. Adjutant Rose Wolf and Capt. M. Finch are leaving on Friday for Nelson where they are to assume their new charge. Word that they were to leave arrived suddenly this week and the two officers have had little time to prepare for their departure. They have both expressed considerable regret at having to leave the city as they have found their two years here very pleasant. Adjutant-Wolf told The Vernon News on Tuesday that they have enjoyed unlimited co-operation from the citizens of Vernon, and she expressed for Capt. Finch and herself their deep appreciation of this. They will be succeeded by Capt. and Mrs. Watts, of North Vancouver, who will be arriving here shortly.

Mrs. B. Jones, of North Vancouver, was a week end guest in this city at the home of Mr. and Mrs. D. Butler.

Pte. Jack Gayther, a member of the local Company of the R.M.R., left for Victoria this week to go on active service.

R.Q.M.S. Bob Cooper, R.M.R., returned to Kamloops on Saturday after two weeks in the Military Training Centre here.

Mrs. J. S. Galbraith and Mrs. E. S. Galbraith and their infant daughter left on Wednesday to spend two weeks on holiday in Vancouver.

Mrs. D. B. Peck, of Edmonton, arrived here early this week to spend three weeks in this city visiting her mother, Mrs. M. H. Wakefield.

Stuart Whyte is visiting here for a few days at the home of his parents, Mr. and Mrs. Bryson Whyte. He arrived from Vancouver on Saturday.

Pte. A. MacDougall, R.C.A.M.C., Esquimalt, spent the week end here in order to attend the wedding of his daughter, Miss Ruth MacDougall, on Sunday.

Mrs. T. Kirkwood, of Vancouver, spent several days in this city at the week's end in order to attend the wedding of Miss Ruth MacDougall and Lawrence Brovid.

Mrs. A. Doull received a cable on Wednesday that her son, Ronald Doull, after serving as a rating in the Royal Navy for nine months has received his commission as a lieutenant.

L.A.C. Archie McMechan, R.C.A.F., and Mrs. McMechan visited here for a few days during the week. They were accompanied by their friends, Mr. and Mrs. Douglas, who were in the city to attend the wedding of their daughter, Miss Margaret Douglas, on Saturday.

The Vernon O.G.I.T. is preparing for its annual summer camp. In an effort to raise funds the girls will conduct a dime campaign beginning on Saturday. It is hoped that all those interested in this girls' work will support this drive.

Eldon Seymour, son of Mr. and Mrs. S. P. Seymour, left on Saturday for Vancouver where he has secured a position in the Boeing Aircraft factory. He will be joined by a few days by Mrs. Seymour and their young son.

Mr. and Mrs. Donald Crawshaw spent the long week end in Vancouver. Their return Tuesday evening they were accompanied by Mrs. James Crawshaw who will be visiting here with them for a short time.

Mr. and Mrs. Russell Hamilton and their young son spent the week end in Vancouver while Mr. Hamilton took an R.C.A.F. medical board. He was successful and is on call for ground duties. They returned on Tuesday.

R. B. Bulwer was a visitor this week to the southern part of the valley, and he reports that the cherry crop looks most promising. On his trip Mr. Bulwer was accompanied by Ray Walters, of Hedley.

Miss Gladys Briard left on Saturday for the Coast on two weeks' holiday. During the interim part of her vacation she will attend the Rebekah Grand Lodge convention in New Westminster as a delegate from the Vernon branch of the organization.

Guests at Orchardleigh Lodge, Coldstream, during the past week included: Miss A. B. Edwards, Mrs. Eric Davies, Miss Alice Robinson, Miss Muriel Boyce, all of Vancouver; Mrs. Page, of Bentinck, Mrs. H. W. Tucker, of Calgary, and Miss Julia Reckle, of Vernon.

Lieut. John Kildson, R.C.N.V.R., and Mrs. Kildson are expected to arrive here today, Thursday, from a visit to the city for a few days here at the Coldstream home of Mrs. J. B. Kildson. In Enderby they visited at the home of Mrs. Kildson's mother, Mrs. M. B. Keith.

Harold Smith, who recently graduated from the North Pacific Dental College at Portland, Oregon, arrived here last week end for a short visit at the home of his parents, Mr. and Mrs. Clint Smith. Mr. Smith left on Wednesday for Vancouver to take his B.C. dental examinations, and will return to Vernon later.

Word has been received here this week that the Old Girls of St. Michael's School and sent overseas for Britons who had lost their belongings through air raids has arrived safely. The word was sent by Miss L. C. Chivers, formerly headmistress of the school here who is arranging for the distribution of the clothing in England.

Executive Commissioner of Boy Scouts in B.C., W. Solway, was a visitor to this city on Wednesday while making a tour of interior centres. During the afternoon he motored up the Silver Star highway with O. W. Morrow, district commissioner, and Wednesday evening he met with a number of local leaders. He is leaving today, Thursday, for Salmon Arm.

The grounds of the Vernon Preparatory School will be the scene of the school's annual garden sale and sale of work. This has always proved a very popular event and has attracted good attendance. In addition to the stalls from which many varied articles will be sold, there will be slideshows and water sports. Proceeds will be distributed among local and other charitable and religious organizations.

JUNIOR BALL CLUB

Vernon's Junior Baseball Club bowed before its Kelowna counterpart on Monday 10-9. Actually it wasn't a very deep bow. The Vernon boys were leading 9-5 in the first half of the ninth inning but some rather unlooked for errors robbed them of a win. The boys still have no manager but it is understood that R. R. Bradley is interested in the club and may become their official mentor and guide.

LITTLE THEATRE TO PERFORM HERE SOON

Gay Comedy To Be Shown In Scout Hall To Help Swell Fund

A Red Cross benefit play will be presented in the Vernon Scout Hall by the Vernon Little Theatre, on the nights of Wednesday and Thursday, June 18 and 19. It is to be Gerald Savory's "George and Margaret", a light-hearted, sparkling comedy in three acts.

The plot has the very real merit, in this problem-ridden world, of not teaching any very clear lesson. It is comedy pure and simple, with the action taking shape within the confines of a very unpretentious but thoroughly interesting English family. A tussle of a mother, and an absent-minded and amiable father, together with a brood of vivacious, stodgy, and contradictory children, laugh and blunder through the three merry acts. It is typical mild English humor.

The cast will be made up of: Dorothy Tunbridge, Jack Harris, Gerald Unwin, Vivian French, Marjorie Dean, Joe Stark, Douglas Byrne, and Peggy Fryer.

The play is under the direction of Mrs. E. F. Nicholson. All proceeds will go to the Red Cross fund.

FARMERS ADVISED TO PROVIDE BETTER BARN

"There are many new barns going up in Alberta, especially around Calgary and Edmonton. Some of them are almost cow palaces," said C. J. Lory, of Medicine Hat, Alberta, who was in the Okanagan Valley this week visiting dairy farmers. He thinks more attention should be paid to better dairy barns on many farms.

"With such fine stock as you have here," he explained, "I do think some really good barns with plenty of light and cement would pay good dividends."

According to Mr. Lory, milk prices paid farmers in the Calgary and Edmonton milk sheds are higher than those received by milk producers of the Okanagan Valley. This was due to the better organization by farmers themselves.

While prices paid for milk in Alberta are higher the standards of production as far as dairy barns and premises are also higher.

Mr. Lory expects to visit the Okanagan again in the fall and will see a larger number of farmers then.

MAGICIAN'S ART PLAYS ITS PART IN AIDING QUEEN'S CANADIAN FUND

The fascination of a magician's stagecraft, like the circus, never seems to lose its popularity with the public. Young and old alike seem to enjoy being taken in by a master of the hand that is faster than the eye and the glib tongue.

This opportunity will be afforded the people of Vernon on Saturday night when Rotarian W. C. "Bill" Shelly, recognized as the leading amateur magician on this continent, will perform on the stage of Scout Hall. Shelly, who was a few years ago a prominent member of the B.C. cabinet, is touring the interior under the auspices of Rotary Clubs throughout this part of the province.

He is travelling at no expense to the clubs and the entire proceeds will be turned over to the Queen's Canadian Fund, which the Rotary Clubs of this province are supporting to the full.

This show has met with wonderful success wherever it has played so far. A number of Vernon Rotarians attended the performance in Kelowna, Wednesday night. Mr. Shelly brings with him many thousands of dollars worth of equipment with which to heighten the effect of his performance.

PRAIRIE BUSINESS CONDITIONS GOOD, SAYS E. O. MacGINNIS

"General business conditions throughout the prairies are quite good," reported E. O. MacGinnis, B.C. markets commissioner, Victoria, a visitor to Vernon on Wednesday. Today, Thursday, he is conferring in Kelowna.

Much land, formerly planted to wheat, is now producing coarse grains for livestock feed and for other purposes. Flax is being raised in considerable quantities and the oil extracted is being processed for cattle feed.

British Columbia strawberries are making a good response from prairie buyers. Mr. MacGinnis reports that the entire fruit deal from this province is well received as part of the "buy-in-Canada" campaign.

Harold Brown

(Continued from Page One)

did not mean that we could slacken for one moment, it marked the intensification of our responsibility. We have a responsibility in the joint defence, with the United States, of the western hemisphere.

"This Victory Loan is an attestation of our moral worth. We cannot hesitate for a split second in the carrying out of our duty, until freedom is gained again. Let us go from this spot and dedicate ourselves, our body, mind and soul to the task ahead."

Major Brown had visited extensively in Kootenay prior to coming to the Okanagan, and he declared he had been greatly cheered by the magnificence and display of loyalty and enthusiasm which he encountered throughout the hinterland.

"For once in our lives we have to face the stark reality of our situation," he continued. "We have moved out of our local citizenship into a broader field and each of us should say when we look in our shaving mirror in the morning: 'Am I sizing up to my responsibility?'"

"We will need each other more and more as this war progresses. Our obligations are laid to what we might have to face. On every one of us rests a clearly defined duty day and night. In time of a total war, we stand for our country and must stand for our country, in order that we can answer the challenge with utmost fury. This is not the nature of the Anglo-Saxon to wreck destruction and vent his fury in the manner he is called upon to do today. But we are exposed to a venomous foe, a relentless foe, Britain is being devastated by day and by night. The productive energy of Britain is suffering."

INTO FRONT LINE

"Canada must now move right into the front line of the British Commonwealth of Nations. What relation is your task so far compared to the tragic acts and heroic deeds of those who are serving on the battlefields, of the 1,600 men of H.M.S. Hood who vanished in the twinkling of an eye? They are human beings, the same as you and I. Do these deeds bear any relation to what we are asked to do now?"

"There is no great sacrifice in subscribing to this Victory Loan. It is the money taken from one pocket and putting it in another. We must either do our duty or perish. We are being asked to change the character of our investment so we can demonstrate to our fighting forces that we are with them in spirit. Mr. Brown considered that this conflict will last for ten years, but that at the end of the struggle there will be an opportunity to emerge into the best world ever known yet. This war holds the key to the portals of that world. We are only asked to use the strength to answer the challenge, then we will emerge a bigger, wiser and happier people," he declared.

For a moment he dwelt on the criticisms levelled at the Government in carrying out the war effort.

"Let us be fair in our criticisms," he urged his listeners, at the same time declaring he has no interest whatsoever in politics. "The Prime Minister of Canada is no gladiator but he has carried through some tremendously important work in a quiet manner. And what is more important, he has shown that he is capable of surrounding himself with important men. I consider that Ralston, Howe and Isley are as able as any men in Canada today. It is wonderful why an appeal is necessary," he queried. "Every schoolboy knows the cost of war and it is really a stigma on our pride that we should hesitate a moment in the carrying out of our duty. We are on the threshold of one of the greatest episodes in our history. We are up against the greatest mechanized force the world ever dreamed of."

E. J. Chambers, unit chairman, thanked Major Brown for his inspiring address. He said that "our greatest enemy is the lack of a full appreciation of the danger that faces us and the tremendous task that lies before us. Only when we come to realize that it is possible for us to lose this war, and with it our freedom, will Canadians make the maximum effort."

COUNCIL EXPRESSES THANKS
The city council expressed its appreciation Wednesday night for the donation by E. R. Bradley of two drums of oil with which to supply the Victory Loan torch in the Cenotaph Square. Appreciation was also expressed to J. H. Watkin for his donation of a flag pole from which the Victory Loan flag is flying on Barnard Avenue.

Thrift BUILDS SHIPS!

Where does the money come from to wage this War—to build the ships, the planes and tanks we need to "finish the job?"

Much of it comes from the savings of ordinary men and women—the thrifty people of Canada—the savers. These are the people who buy Victory Bonds and War Savings Certificates, who pay their War Taxes on the nail. Never before has personal thrift been so vitally necessary. Watch your spending. Every dollar you can spare is needed now to arm and equip our fighting forces—to win this War.

► This Book will help you save. The Royal Bank Family Budget Book shows you how to budget your income, how to save by planned spending. Ask for a free copy at your nearest branch.

The ROYAL BANK of Canada

VERNON BRANCH . . . R. H. MAWHINNEY, Manager

Uncle Sam's Bombers Over Singapore

Around the world Britain's front line extends as she strains every sinew to meet the threat of totalitarian oppression. And around the world the war effort of the United States, which has pledged all-out aid to Britain, is making itself felt. Uncle Sam's bombers here are flying over the Singapore area. They are manned by members of the Royal Australian Air Force, but the implications of the bold "U.S." painted on their sides will not be lost on Hitler's partner of the East.

Tree Fruits Sizing Rapidly In Valley -- Big Cherry Drop

Recent Wet Weather Made Spraying Operations Difficult

Following is printed the latest issue of the Okanagan Horticultural News Letter:

Salmon Arm, Sorrento and Main Line Points:

As reported June 3: Cool weather with frequent showers has prevailed since the last News Letter was issued. There is now an abundance of soil moisture and all that is needed for rapid development of all crops is warm weather. The showery weather, though temporarily beneficial to crops in the irrigated sections, has not materially affected the water storage situation, which remains unsatisfactory.

The apple and pear set is fairly good in the Salmon Arm-Sorrento section, though McIntosh apples are dropping quite heavily in some orchards where vitality is below normal. Apple scab is beginning to show up on the leaves, but so far it is not serious. The cover spray for scab control is now being applied. The cherry set is just fair, and prunes have set very heavily.

Strawberries look well, and a few berries will be coming in by the end of the week.

The asparagus crop at Kamloops has been disappointing, but cutting is still going on. There has been some movement of old crop potatoes from Kamloops and 17 cars went out in May. The balance in storage is deteriorating rapidly.

Some new potatoes should be available by the end of the month. Vegetable crops look the whole lot well, but warm weather is needed for tomatoes, corn, etc.

Armstrong, Vernon, Olympe, Okanagan Centre and Winfield:

As reported June 6: Since our last report the weather has been variable with odd very hot days and a number of cool, showery ones in between. The precipitation, although saving evaporation has been of little benefit to most crops as far as additional moisture is concerned, and such conditions have proved somewhat of a nuisance as regards spraying operations, the general increase of apple scab and powdery mildew, and also adding to the weed control problem of the growers.

In the orchards all tree fruits are now sizing rapidly with tree growth quite active. The drop in pears and early apples is almost complete, and will be over in the late varieties within a week. There is now evidence that there has been quite a heavy drop in some blocks of apples, particularly in McIntosh, Delicious and Newtown.

In the stone fruits thinning is under way in apricots and peaches, and in general these two fruits are carrying full loads. The sweet cherry crop will be shorter than was at first anticipated owing to a terrific late drop in the Bing variety. These, which promised a very heavy crop have sloughed heavily over the past two weeks, and now promise no better than 60 percent of a full crop. Lambharts which set lighter, do not seem to be bothered so much with this late drop. Prunes are heavy and just moving into the stoning period so the indication of a drop is not yet apparent.

A few local strawberries are just starting to move, and raspberry patches, where not winter injured, are developing nicely.

Most vegetable crops are making excellent growth with the exception of the hot weather crops such as peppers, eggplant, tomatoes etc. Root vegetables, cabbage and lettuce are now moving freely and are showing good quality. Early potatoes are showing good growth but it will be some time before there are any available.

In field crops growth is very good with fall rye coming into bloom and fall wheat in head. Harvesting of the first cut alfalfa is under way and is experiencing rather trying conditions with our intermittent showery weather. Spring grains and the dried crop are both making excellent growth at this stage.

FIELD PESTS

There is a general infestation of a number of garden and field crop pests which are causing some worry to our producers. The onion maggot and wireworms, also cabbage root maggot, are taking quite a toll in these two crops, and the danger of further loss from these pests is not yet past. Codling moth has been emerging freely over the past two weeks and there are in-

dications of a rather extended emergence of the first brood. This would indicate the necessity of growers applying more sprays to obtain reasonable control than was at first thought necessary. Worms are entering the apples quite freely at the present and no let-up in the spray program should be considered if a reasonable control of this pest is to be expected.

KELOWNA:

As reported June 5: Since the last report there has been considerable rain and wind interfering with haying and spraying operations. Apples and other fruits are sizing well. Codling moth worms are entering the apples in numbers at the present time and indications are that worm activity may continue for some time yet. Extra cover sprays will be advisable in orchards heavily infested last year. Early lettuce is being shipped and early cabbage is just commencing. Onion and cabbage maggots have done considerable damage in many fields.

The first crop alfalfa is being harvested.

BIG CHERRY DROP
Sumnerland, Naramata, Westbank and Peachland:

As reported June 4: Since the previous report weather conditions have not improved, it being windy, wet and cool. Day temperatures have been warm on odd days with very cool nights. Soil moisture is very satisfactory with some growers irrigating where necessary.

Tree fruits are making remarkably fine growth. Cherries have taken a very heavy drop this past month and the crop does not show as well as three weeks ago. Pears have also taken an excessive drop, especially Anjou. Many pear orchards may not require much thinning. The apple crop is sizing well and spraying operations are proceeding slowly, but weather conditions have interfered to such an extent that the growers' time table is away out. Apricot thinning is over and the crop is shaping up well. Peach thinning is in full swing.

Onion, cabbage and such crops are making rapid growth, but tomato, cantaloupes and such crops requiring hot weather, are making very slow progress.

Alfalfa is ready for cutting should the weather settle, with the promise of a heavy crop.

Penticton, Kaleden, Keremeos, Oliver and Osoyoos

As reported June 2: The weather for the past two weeks has been cool with heavy rains and wind. The additional moisture is very welcome and all crops are growing rapidly.

Tree fruits are sizing rapidly. The growers are busy thinning but help is scarce. Bing cherries should start to move from the south end of the district in a week or ten days. Heavy rains have already caused some splitting to the cherries in the earlier districts.

Tomatoes are setting well in spite of the cool weather and it is expected that some semi-ripenes will start from the Osoyoos district around the third week in June. The cold weather, however, is affecting the first cantaloupe bloom and this crop will probably not be any earlier than it was last season.

The wet weather has interfered with haying, many ranchers being afraid to cut due to unsettled weather conditions and those with hay down are having a time to harvest it.

J. L. PRIOR IS PRESIDENT OF CLUB AT LUMBY

Plans For Early Construction Of Premises Are Speeded

LUMBY, B.C., June 9.—A meeting of directors of Lumby Community Club was held during the past week, when further arrangements were made for the July 1 celebration. J. L. Prior was elected president, to take the place of Percy Swift, who has left the district. George Briscoe was elected to fill the vacancy created by the resignation of Mr. Swift.

Mr. and Mrs. Henry Catt are receiving congratulations on the birth of a son in the Vernon Jubilee Hospital.

The Lumby friends of Wilfred Morand will be sorry to hear he is a patient in Kootenay Lake General Hospital at Nelson.

All ex-service men of Lumby district are asked to take notice that the reorganization meeting and smoker, previously announced for Friday, June 20, has been changed to Thursday, June 19. All veterans of this district are cordially invited to attend.

Miss Beryl McAllister is a patient in Vernon Jubilee Hospital where she underwent an operation during the past week.

The Junior Red Cross of the Elementary School last week weighed their tin-foil collected so far. The contest was between the Silver Stars and the Busy Bees. The winners were the Silver Stars. Total amount collected was 29 pounds.

The winners of the guessing contest were, Ronald Gentry, Norrie Pierce, Eddie Chaput, and Ruth Johnson.

COAST FISHERMAN BREAKS SECOND RECORD

A. E. Malacord, of Vancouver, who recently caught a world's record trout in Shuswap Lake, has again been testing Interior waters and has hauled out a second record.

On a recent week end Mr. Malacord went fishing with his "boss," Tom Skinner, of Toronto, sales manager for Remington-Rand. At Peterhope Lake the Vancouver angler landed trout weighing 11 and 7½ pounds, believed to be records on a cast fly.

The beauties were displayed this week at Hotel Vancouver and later were dispatched air express to Toronto for public exhibition.

"She used to FROWN somethin' orful !!!"

WILL IT WORK FOR YOUR CHILD? JUST TRY IT TOMORROW AND SEE!!

Breakfast should be FUN!

Rice Krispies are now the family favourite in thousands of homes where there was once a difficult child. Mothers will tell you that Kellogg's Rice Krispies solved their problem. The intriguing little noise when they pour on the milk or cream just fascinates the kiddies, and they love the way Rice Krispies stay crisp, never mush down.

"Rice Krispies" is a registered trade mark of the Kellogg Company of Canada, Limited for their delicious kind of oven-popped rice. Make up your mind to get several packages for your family tomorrow!

"We practically wept to see the way Peggy pouted at the breakfast table. Fortunately her mother heard from a neighbour about . . ."

"Kellogg's Rice Krispies and the way they c-r-a-c-k-l-e in cream. 'Maybe' she thought, 'maybe they'll intrigue Peggy into . . ."

" . . . eating her breakfast! Well, you can see the result. Peggy's one of our best friends now, and such a rosy, healthy youngster!"

So CRISP they crackle in cream!

And don't forget the triple-wrapped individual package when you eat away from home!

So CRISP they crackle in cream!

So CRISP they crackle in cream!

So CRISP they crackle in cream!

Uniformed Girls Serve Without Pay

Driver Petica Watson is one of the volunteer chauffeurs of the Red Cross transport section, who work every day and all day—for nothing—in order that your Red Cross dollar may be doubled or trebled. Not an exciting life—most work is delivery and pick-up. But like other uniformed units, the girls hope for a chance some day to serve overseas.

\$600 PROFIT REALIZED BY MAY 24 FETE

Total Proceeds Of Empire Day Celebration At Falkland \$1,540

FAULKLAND, B.C., June 9.—Profits from the Empire Day celebration this year amounted to \$611, exceeding that of any previous year. This was disclosed at a public meeting in the Community Hall on Monday evening. Homer Churchill, president of the Falkland and District Community Association, acted as chairman. Total proceeds for the day were \$1,540.

Expenditures incurred from previous years are to be paid in full, this to include \$150 of \$300 still owing on the new recreation grounds. The committee members were in favor of purchasing a DeLo system for the lighting of the hall, from the balance in the treasury. F. H. Wilmut offered to get prices on this equipment.

Several weeks ago C. Claudia, of the Branch Hotel, donated to the association a gentleman's watch valued at \$350, which is being raffled to raise funds to complete payment of the balance of \$150 still owing on the sports grounds. This will complete the association of all debts. On behalf of the community, Homer Churchill and committee members wish to thank all those from neighboring districts who attended the celebration and assisted in making the day the success it was. Thanks are also extended to P. Tarry, local mill owner, and W. McCloudie, storekeeper, for the substantial reductions in accounts owing them by the association, and also to C. Claudia for his splendid donation of a valuable watch.

The Women's Missionary Society met in the United Church on Friday afternoon for their regular meeting. There was a good attendance of members and visitors. Mrs. F. Tarry, president, was in charge of the meeting. The scripture lesson was read by Mrs. J. Dent and a report on the rally held at Armstrong last week, was given by Mrs. H. C. Beddoes. Mrs. W. J. McCloudie kindly donated her home for a meeting when the annual supply parcel will be made up and sent to one of the B.C. Mission hospitals, by the local members. The date was set for Tuesday, June 17.

Some farmers report that first crops of hay are ready for cutting. They have enjoyed having the recent heavy rains but are hoping that they won't continue much longer and thus interfere with the haying.

Pillar Lake had its full quota of tourists over the holiday week end, although the weather was very unsettled. With Monday, however, fine and sunny, many cars traveled the highway to the lake. Fishing was reported as fair.

Because of recent rainy weather, logging in the district has been at a standstill, with the result that work at the local mills has been spasmodic.

Members of the Anglican Guild met at the home of Mrs. G. Taylor, on Wednesday afternoon for their regular business session, with the president, Mrs. W. Ferguson in charge. It was decided to hold a strawberry social on Saturday, June 14. Funds for the church after the meeting, refreshments were served by the hostess.

Victory Loan sales have been better than expected, according to W. Warren, who has been canvassing the district during the past week.

Miss E. Hardy, junior teacher, spent the week end at her home in Vernon.

Miss Kathleen Miller and Miss June Beddoes were the guests of Miss Joan Baumbrough, of Vernon, for the holiday week end.

Miss Helen Kent is visiting her sister-in-law, Mrs. Ross Kent, at Vernon.

Mr. and Mrs. Frank Peachier moved last week into the house recently vacated by Mr. and Mrs. W. Hambrook.

Mrs. J. H. Phillips returned home recently from Saskatchewan, where she had been visiting friends and relatives during the past month.

was being asked to do too much in this matter, and that the farmers might do much better to work out the problem for themselves. "We should do these things for ourselves," suggested R. Woods, "and ask the government for too much." Success of the prairie and American farm implement co-operatives was brought to the attention of the meeting, and the possibilities of the farmers of B.C. aligning themselves with the prairie organizations were discussed.

Farmers' Meeting

Canadian Federation a request for consideration of the matter of a proper return to farmers for their services and products which, in reality, means a parity of prices standard.

Speakers, during the day, included Arthur Tompkinson, who welcomed the delegates and gave them the freedom of the municipality. W. Waby, District Agriculturist, W. McGillivray, Salmon Arm; J. B. Munro, superintendent of Farmers' Institutes and deputy minister of agriculture; T. A. Switzer, Vancouver assistant inspector of Credit Unions; C. A. Hayden, secretary of the B.C. Federation of Agriculture and Education of "Country Life in B.C."; M. S. Middleton, district horticulturist, Vernon; F. N. Giszborne, manager, Bank of Commerce, Salmon Arm; C. H. Fox, manager Bank of Commerce, Vernon; J. N. Taylor, manager, Bank of Montreal, Vernon; M. A. Dangel, president of the North Okanagan P.E.; and R. J. Skelton, of Salmon Arm.

Deep regret was expressed by Chairman J. W. Miller, retiring president, at the unavoidable absence, through illness of W. S. Harris, of The Vernon News, and of Everard Clarke.

Greeting the delegates, Mr. Dangel said that the farmers often were spoken of as the backbone of the nation. He thought they constituted the soul of the nation. Later, Mr. Giszborne added that they might well be considered the heart of the nation.

Tribute was paid to the retiring president, J. W. Miller, who has moved from Tappen to Golden. His faithful, competent work over the last two years was the subject of a commendatory resolution. Similarly E. J. Mikkelsen, secretary for two years and re-elected, was thanked and also tangibly with a bonus for last year's services and an increase in honorarium for this year.

First business to face the delegates when the conference reassembled was the election of officers for the next year. The results of the balloting showed W. A. Monk, of Grindrod, to be the new president; J. Woodcock, 1st vice-president; A. G. Graydon, 2nd vice-president; R. Wood, of Armstrong, member of the advisory board, and E. J. Mikkelsen once again the secretary-treasurer.

Leslie Campbell, the first vice-president, then took over the chairmanship of the meeting, and the presenting of the resolutions was begun. Out of an original group of 20, the resolutions committee had preserved 16.

The first resolution, coming from Malakwal, and asking for a statement of support of the Empire in its war struggle, was carried unanimously by the delegates.

The problem of school taxation was raised by the Lumby Farmers' Institute. They insisted that any increase of school taxation based on the farmers' land was intolerable. The educational tax about the taken wholly off the land and replaced by an educational turnover tax to sit with equal heaviness upon all sections of the community. It was also proposed that candidates at the next provincial election should be pledged in writing to support such a program.

This latter clause was seriously questioned by Hon. K. C. MacDonald, who said that he believed such methods to be precluded by the law, and that he personally did not believe in candidates making such pledges in advance of debate. As a result, this resolution was set aside for redrafting. The amendment was later carried.

A Winfield proposal which objected to the policy of taxing the farmer on his land, irrespective of whether he was making a profit or not, and asking that the government be urged to tax the farmers on the basis of profit as was everyone else, was defeated, largely on the grounds that it was too broad a statement and might necessitate a complete rewriting of the Municipal Act.

Considerable discussion revolved about a suggestion that the special educational grant of \$50.00 per teacher in a school district, proposed by the Provincial government, should be paid instead into the teachers' superannuation fund, in place of the 7 percent tax on teachers' salaries which is now being levied. The Hon. K. C. MacDonald raised his voice against it, saying that he believed that the farmers, in proposing such measures, were overstepping their proper field of activity. "Frankly, I think that conventions of this kind ought to confine themselves to rural matters and rural taxation. You get into great difficulties when you get into the cities." Finally, however, the meeting gave its support to the proposal.

Dr. MacDonald informed the delegates that, in effect, this matter had already been taken care of by the present allocation of \$25,000, and \$450,000 in subsequent years to relieve the burden on taxation for schools.

A request for a contributory old age insurance plan came from Deep Creek. It was urged that an adequate retirement allowance be made available at the age of 65, and that the scheme should be of such a nature that a man could feel that he had earned his retirement income and was not accepting charity. W. J. Coe, of Winfield, gave vivid expression to the desire for a lowering of the age minimum when he remarked that "the Bible says a man's life is three score years and ten. Therefore our benevolent governments are pensioning us for years we should not be alive, according to the Bible." The objection was that the contributory scheme, a great mass of those of low salary would be barred from receiving pensions, but it was eventually agreed to ask the government for the institution of some such plan.

The problem of fruit growers moving catenary tractors from orchard to orchard, when forbidden to move on hard-surfaced highways, constituted the substance of another resolution. It was not only necessary to sometimes get across the roads, it was pointed out, but the tractor was called upon to move his tractor along parallel with the roads to get at his different properties. In this latter case, the position of the telephone and hydro poles often made such movement impossible, and it was urged that the government be requested to have the poles moved out of the way. The resolution was unanimously carried.

NATIONAL PROGRAM

Another proposal that met with the full support of the institute delegates came from Spallumcheen. It asked that the Canadian Federation of Agriculture be requested to draw up a national program for the reconstruction of the farm community so that agriculture might secure its proper share of the national income. R. Wood, speaking in support of the resolution, pleaded for a nation-wide movement and policy to save agriculture. It was apparent, he thought, that while the farmer was getting too little, other interests in the community were getting too much, and he looked for a more equitable distribution of the national income in the future.

The pheasant population of the country came in for its share of criticism. A Salmon Arm proposal was put before the delegates to the effect that the B.C. government and Game Commission should be requested to open the season on hen pheasants for three days in any locality whose B.O.F.A. local should state that the pheasant had become sufficiently numerous to do material damage to the crops. There was no objection from the delegates.

High prices of farm machinery led to the unanimous acceptance of a resolution requesting the government to look into the matter. In discussion that revolved about the subject it was thought by some that the solution to the problem might be found in the removal of the American tariff. But there was another feeling among the delegates that perhaps the government

You Don't Need Experience—

CERTO gives SURE RESULTS in Jam and Jelly Making

As Easy for the Beginner as for the Expert

Very Short Boil
It's surprisingly quick and easy to make Certo jams and jellies. For jam you need give only a one-minute to two-minute full, rolling boil... for jelly only a half-minute to a minute. It's so different from the old-fashioned, long-boil way!

Natural Taste—Fresh Colour
The short Certo boil does not affect the taste or darken the colour as long boiling does. The fresh taste and colour of the fruit itself remains unspiced in your jam or jelly.

More Jam or Jelly
In this short boil practically no juice has time to boil away as it does in long boiling. It all goes into your jam and jelly. You get up to one half more from an equal amount of fruit. That's a considerable saving!

Sure Results
A book of 72 tested recipes comes with every bottle of Certo. Just follow exactly the recipe for the particular fruit you are using and you'll have jam or jelly to be proud of every time.

BOOK OF 72 TESTED RECIPES UNDER THE LABEL OF EVERY CERTO BOTTLE

NEWS BRIEFS OF THE WEEK FROM LAVINGTON

LAVINGTON, B.C., June 9.—Mrs. Arthur Chaffer, who has spent the last few weeks visiting her many friends in the valley, has returned this week to her home on Vancouver Island.

Miss Sheila Bunting motored with friends to Salmon Arm on Sunday of last week.

Congratulations are being tendered Mr. and Mrs. Bill Mackie, on the birth of a son, in the Vernon Jubilee Hospital last week.

Little Vera Foote, of Vernon, is on a visit to her grandparents, Mr. and Mrs. Charles Warren.

A meeting of School Trustees took place on Wednesday evening, those being present were Captain Coombes, E. Rendell, J. W. Brett, P. Mehling and E. Longway.

Miss B. Wilkie is the guest for a few days this week of Mrs. Jack Stanger.

John Hill was a visitor last week to Lake Aberdeen for a few days.

Mr. and Mrs. Charles East, of Vernon, were visiting friends in Lavington on Monday of this week.

Miss Nellie Harrop has been a visitor for a few days at the home of Mr. and Mrs. Charles Warren this week.

LANDING NOTES

OKANAGAN LANDING, B.C., June 10.—Miss Ruby Timmins, of Vernon, spent the holiday week end with Mr. and Mrs. D. A. McBride.

Mrs. E. G. Wright, of Vancouver, spent last week end with Mr. and Mrs. J. T. Van Antwerp.

Mrs. W. F. Van Antwerp entertained the P.M.T. Club meeting last Wednesday afternoon.

Mrs. M. Murchison, aunt of Mrs. J. B. Woods, and Miss Tilley, of Kelowna, motored up on Sunday to visit Mr. and Mrs. J. B. Woods.

LOOK TO NORTH SPEAKER TELLS CITY ROTARIANS

Charles W. Montrose Outlines Vast Possibilities Of Northern Areas

"British Columbia will play a vital part in the shaping of the new world. British Columbia is today on the threshold of her greatest future, a future in which every man, woman and child will have a share beyond their widest dreams."

These were the words of Charles W. Montrose, authority on the northlands of British Columbia, whose writings have appeared in newspapers and periodicals in both Canada and the United States, in an address to the Vernon Rotary Club on Monday.

Mr. Montrose spoke prior to leaving shortly to return to his home at Fort Ware, a trading post 400 miles north of Prince George.

Between Prince George and Fort Ware, the speaker declared, there is "a vast unbroken, uncharted, unexplored, tract which is completely unknown today as it was when Columbus planted his sea-weary feet on the shores of San Salvador."

In this area Mr. Montrose said there are "innumerable areas of virgin forest, rich, verdant valleys, thousands of lakes and streams, big game in abundance and mineral wealth undreamed of."

"While exploration and prospecting have been carried on with small-scale slowness and unforgivable apathy, and while more than 100,000 square miles of northern B.C. are completely unknown, finds of every kind of mineral have been made and more of them are reported almost every day. All this is positive indication and irrefutable evidence as to the potential and unlimited wealth yet to be discovered. It is difficult to find a single stream, drywash or gravel bed where a man cannot make for himself an excellent day's wages. With the price of gold scheduled to probably double within the near future, placer mining, even on a small scale, is something worth thinking about."

RICH SECTIONS

Mr. Montrose said that this described only that country which lies between Prince George and Fort Ware. He said that north of Fort Ware and between the Cassians and Stikine Mountains in the West and the Rockies in the East, there is 100,000 square miles of country which he believes is the richest section of northern British Columbia.

"Checking back over Dominion and provincial records, and doing so with the help of competent authorities, has failed to produce a single clue as to any white man ever having visited this area. From personal observations made on the margins of this immense blank spot on our maps, and having intimate personal knowledge of every beauty spot in North America, I can say without fear of contradiction, that there lies the future playground of the western hemisphere, the proving ground for future pioneering generations and, under the relentless northerly trend of American peoples, the country of the future."

The picture of a barren, cold, inhospitable land that is popular opinion's visualization of the north was entirely refuted by the speaker. He told that vegetation is abundant and that vegetables of enormous size and good quality can and are being grown in little over 30 days.

AIR TRANSPORT

Development in the north country has been undertaken seriously only in recent months, Mr. Montrose revealed, and that has largely been the result of interest taken by American companies, particularly in the Yukon and Southern Air Transport Lines.

"Much has been written in a

Rainbow Bridge Nears Completion

The new "Rainbow" bridge across the Niagara river is rapidly nearing completion, and according to engineers the final girder will be put in position within a month. Dedication services will not likely be held until September. The arch, largest of its type in the world, is 950 feet between the supports.

Interior Sportsmen Ask For Regulation of Hunting and Fishing Resorts In Province

Propagation Of Wild Life, Forests In B.C. To Be Continued

That the Legislature should grant the B.C. Game Commission wide powers to raise the standards of fishing and hunting resorts and to limit numbers of any such resorts in particular areas, was the opinion expressed by sportsmen of the Interior meeting in annual convention at Salmon Arm on Thursday of last week.

Over 50 delegates representing some 12 fish and game associations gathered at the main line city for an all-day session and discussion of sportsmen's problems. Some 20-odd resolutions were presented to the convention for consideration, and discussion generally was amiable. Little of a contentious nature divided opinion, as has been the case at some previous gatherings.

The resolution asking that regulation of lodges be written into law was framed by the Vernon Fish and Game Protective Association, and was presented by President J. C. Marshall, of Kelowna.

Game Commissioner J. G. Cunningham said that similar legislation was defeated at the last session of the house. He asked that copies of the resolution be forwarded to every M.L.A. in the province.

The resolution, worded as follows, occasioned no discussion: "There should be some regulation of fishing and hunting resorts. Last year a great deal of unfavorable publicity was given to the province by a disgruntled sportsman. Therefore be it resolved that this province be asked to enact regulations governing the issuance of permits to operate and supervise established camps to ensure that there be proper sanitation, conveniences, suitable rates of accommodation for cabins, boats and services of guides and generally to ensure that resort owners be not subjected to blighting competition and that at the same time the public be well served."

The Attorney-General declared that "It is absolutely essential to continue the work of the commission and the wardens. We who are sportsmen know this."

Also a visitor to the convention was Inspector S. F. M. Moodie, chief air raid warden for the province, who was accompanying Mr. Wismer on his Interior trip.

Prior to the Attorney-General's departure, a minute's silence was observed in honor of the late E. C. Manning, B.C.'s chief forester, who was killed last winter in an airplane crash.

JUNIORS ACTIVE

Taking a prominent part in the proceedings were members of the Kamloops Junior Fish and Game Club under George Sandiford. These youngsters addressed delegates at the business meeting and at the banquet and were given a hearty welcome. Some of their resolutions which will be presented to the junior convention in July were discussed.

The open season on pheasants in the Kamloops and Salmon Arm areas will be the same next fall if the convention recommendation is adopted. A further clause in the resolution asking that the open season dates at the Coast be made similar to those in Kamloops-Salmon Arm, was defeated. In opposing this measure Game Commissioner Cunningham declared that "Vancouver tourists should be as welcome in the Interior as those from the U.S. Why not share with our own fellow sportsmen in B.C.?"

The often-debated question of tagging pheasants was repeated in a slightly different form when consideration was given to a Kamloops proposal to have the commission offer a \$50 prize to junior clubs for the best tag. There is a great infringement on bag limits, William Mackinnon, Kamloops, declared, adding that he had been informed that box cars could be secured at a cost of \$3 per 1,000.

"We absolutely can't offer any prize until the pheasants who are overseen are killed," said Mr. Cunningham. Asked if the commission would enforce use of a tag, he said he had not been informed that clubs favored such a method. There was no final decision on this question.

Protection and propagation of mountain sheep in the Short Creek area, at Vancouver Lake, and at Ashcroft, was left in the commission's charge following a spirited debate on a Kelowna resolution which subsequently was amended. An open season on these sheep would result in slaughter, Major Allan Brooks, declared, adding that protection must be given the lambs from golden eagles.

Kelowna, so Bert Chiswick said, has given up the idea of an open season on the Short Creek band but has not abandoned the idea

that killing off some of the old rams would be beneficial.

A move in the direction of limiting the daily bag limit on fish was made when a Kelowna resolution was carried. This asked that south of the C.P.R. main line no person shall have in his possession more than two days legal catch of fish at any one time.

In the course of a short address Mr. Wismer stated publicly his disagreement with the view that activities of the Game Commission and other regulatory bodies should be discontinued for duration of the war. B.C.'s forests and streams, he declared, are a great tourist asset, a magnet that brings to this country needed American exchange. If the Game Commission and game wardens were disbanded "We would never get back to where we were."

The Attorney-General declared that "It is absolutely essential to continue the work of the commission and the wardens. We who are sportsmen know this."

Also a visitor to the convention was Inspector S. F. M. Moodie, chief air raid warden for the province, who was accompanying Mr. Wismer on his Interior trip.

Prior to the Attorney-General's departure, a minute's silence was observed in honor of the late E. C. Manning, B.C.'s chief forester, who was killed last winter in an airplane crash.

PROTECT BEAVER

Peachland—That whereas Beaver are an asset to sportsmen in that they make ponds which are natural nesting grounds for mallard and other waterfowl, and in that they conserve water, and whereas in certain districts they are plentiful and it would be unfair to those who conserve them to have a close season, be it resolved that a tag system be instituted by which tags are issued only to licensed trappers who can prove to the satisfaction of the game warden that there is a surplus of beavers in the district.

Penticton—That more strict enforcement be made requiring the seasons' unused deer tags be shown at time of obtaining license, and that numbers of said tags must be shown on new license in ink at time license is obtained; also that the Game Commission be given the power to eliminate misuse of tags.

REPORT ON RECENT W.I. CONVENTION IS GIVEN IN ARMSTRONG

Local Industries Made Great Impression On Delegates, Officers Reveal

ARMSTRONG, B.C., June 9.—At the monthly meeting of the Women's Institute held on Wednesday afternoon of last week, Mrs. R. Crozier gave a full and interesting report of the Salmon Arm District Women's Institute convention, recently held in this city. Mrs. Pellett, secretary, reported that a full copy of reports had been sent to each Institute in the district.

At this meeting it was decided to adopt two children at the Alexandra Salarium, Victoria, remembering them at Christmas, on their birthdays, and such occasions.

Enough wool to fill one comforter was donated by Mrs. B. F. Young and enough for several more is to be bought by the Institute.

During the meeting Mrs. Young remarked on the interest shown by the members of the convention as they visited local industries. Mrs. McGregor, of Penticton, Dominion president, left with one of the local business men the address of a personal acquaintance in England, to whom she had gone when urging the sale of B.C. canned tomatoes in Great Britain. She also spoke of advertising local industries at the Dominion Women's Institute Conference which is to be held this month in the East. Other members went to their various districts with the idea of advising the use of Armstrong products.

MISS BETTY BROADWAY MARRIED AT GRINDROD

St. Paul's Anglican Church Is Scene Of Pretty Spring Ceremony

GRINDROD, B.C., June 10.—On Sunday, June 1, in St. Paul's Church, Grindrod, the Rev. M. E. West united in marriage, Betty, second daughter of Mrs. T. Broadway, and the late Nat. Broadway, to Joe Brant, second son of Mrs. C. Kashlyanik, of Melford, Sask. The bride was given in marriage by her brother, Stephen Broadway, and wore a gown of applique satin fashioned on princess lines with train, the long veil being fashioned in halo effects. She carried a beautiful bouquet of pink rosebuds. Little Pauline Tasty, niece of the groom, and Stanley March, acted as ring bearers. The bridesmaids were Madeline Brant, sister of the groom, and Ann Loshny, both of Vancouver, who wore dresses of pink chiffon and lace and short pink veils. Both carried pink carnations. The groom was supported by James Broadway, brother of the bride. George Spilchen acted as usher.

After the wedding ceremony about 150 guests gathered at the home of Mrs. Broadway for the wedding breakfast. The reception took the form of a shower when the happy couple received many beautiful and useful gifts. The bride-cut the beautifully decorated three-tier wedding cake and a toast was drunk to their future happiness and success. Appropriate music and songs were the feature of a very pleasant evening.

EWING'S LANDING NOTES

EWING'S LANDING, B.C., June 10.—After several days in the Vernon Jubilee Hospital, Peter Lawrence has returned to his home here.

Dr. J. E. Harvey, medical officer for this school district, and the district nurse, Miss Bellis, paid a visit to the local school last Thursday. They found the pupils well and healthy. The doctor commented particularly upon the remarkably good eyesight prevalent among them all.

A further boom of logs left for Kelowna recently, being assembled by the tug owned by the Simpson Company of that city.

A party of residents motored to Kelowna on June 5, to attend the Coe-Hickman wedding, among them being Mrs. F. E. C. Haines, who remained until Sunday last visiting friends there. Mrs. Coe was a former resident of this district.

Mrs. J. W. Sanderson and her sister, Miss Sheila Lickie-Ewing were also guests at the Coe-Hickman wedding. They journeyed north to Vernon on the afternoon of the same day, remaining there until Saturday, the guests of Miss Lawrence.

LUMBY SOFTBALL LEAGUE

LUMBY, B.C., June 9.—Shields and Co. continued an unbeaten record in the Softball League by an easy victory over Bloom and Sigale, on Wednesday, June 4, by a score of 21-8. In a postponed game on Sunday, Shields succeeded in downing Shuswap 9-5. With but three games to play Shields and Co. are yet undefeated. Playoffs for the League championship will be completed on July 1.

"Another Tool Of War For Britain"

"We offer Britain another tool of war," declared Hon. C. D. Howe, minister of munitions and supply, as the first Canada-made tank pulled away from the assembly line in Montreal, and performed smoothly in its first test before a crowd of officials. In this picture, Mr. Howe (left), Brigadier Stewart and Hon. J. L. Ralston, defence minister, study the big war machine, all made in Canada, at close range.

FORMER ARMSTRONG GIRL IS MARRIED TO VICTORIA MAN

Wedding Of Interest To North Okanagan Solemnized At Coast

ARMSTRONG, B.C., June 9.—Of interest to their many friends in Armstrong was the wedding of Marion, younger daughter of Mr. and Mrs. William Beddington, of Saanich and for many years residents of the Huxley district, and Victor Joseph Cardin, son of D. Cardin and the late Mrs. Cardin, of Wawota, Sask., which was solemnized on Saturday evening, May 31, at 8 o'clock, by Major A. G. Baker in the Bishop's House, Victoria.

The happy couple were attended by Miss Pauline Gibbs and Sergeant Roland Cardin, R.C.A.F., Calgary, brother of Mrs. Cardin. The reception was held at the home of the bride's parents.

Mr. and Mrs. Cardin will take up residence in their new home at Victoria.

Mrs. Arthur Horrex and daughter, of Revelstoke, spent a few days last week with relatives in this city.

Mr. and Mrs. Nell Perry and Mrs. A. Perry, of Victoria, were visitors in this city last Thursday.

Mr. and Mrs. S. R. Heal, accompanied by Mrs. Heal's sister, Miss Edith Jacks, of Vancouver, arrived home Friday from a motor trip through the Kootenays and as far east as Winnipeg.

Having spent the past three weeks at the home of her son-in-law and daughter, Mr. and Mrs. S. R. Heal, Mrs. A. Jacks accompanied by her daughter, Miss Edith Jacks, left Sunday morning for their home in Vancouver.

Another Armstrong boy, James Davies has enlisted, and is in the 11th Fortress Signal Corps at Esquimalt.

A social time was enjoyed on Thursday evening, when H. Matlock, of the Independent Order of Foresters, Vancouver, visited Court Armstrong 3429.

Frank Miller, a one-time resident of this city, who has been spending his holidays with his parents, Rev. and Mrs. J. Wesley Miller at Kere-meos, went through this city Friday evening en route to Sudbury, Ontario, where he is employed.

DOUBLE BILL INCLUDES "KILDARE" FEATURE AND MUSICAL COMEDY

Drama, comedy and thrills blend in "The Kildare Crisis," newest in the Kildare series coming to the Capitol Theatre on Monday, Tuesday and Wednesday, June 16, 17 and 18. Robert Young is added to the cast as guest star with Lew Ayres, Lionel Barrymore and Loretta Day, to play Miss Day's brother, who becomes the mystery patient in the new story.

He develops symptoms of serious sickness on the eve of the wedding of Jimmy Kildare and Mary Lamont and their marriage appears to be on the rocks when she breaks her engagement to Dr. Kildare. In the Kildare series comes the veteran Dr. Gillespie who solves their problem with happy outcome.

Second feature on the bill is the musical comedy, "That Night in Rio," starring Don Ameche, Alice Faye and Carmen Miranda.

CHERRY CROP SUFFERS FROM RAIN DAMAGE IN OLIVER, OSOYOOS AREA

OLIVER, B.C., June 7.—Rains are causing damage to the Oliver and Osoyoos cherry crop, and loss up to the present is estimated to be from 10 to 15 percent.

Picking of Black Tartarians has started at Osoyoos, and the main crop of Bing's will come along about the middle of the month. Cherry growers are worried over the rainy weather, and if it continues the loss due to splitting will be considerable.

New potatoes are now moving out of Osoyoos in small quantities, and customers have started. New cabbage is also being harvested.

Apricots are sizing up well, and also peaches which require heavy thinning this year.

ley than hanging on a gibbet. We cannot all trek to Short's Mountain to see a semi-tame sheep, but we can enjoy the sight of this noble bird in our midst. I suggest that if our so-called sportsmen find their trigger-finger suffering from the "itch," they devote their energies to shooting the enemies of civilization. I for one strongly object to public money being paid out to wardens to slaughter one of our noblest birds.

AUGUSTINE C. MACKIE, Coldstream, June 6.

"IT'S UP TO YOU NOW! 'You can take a horse to water, but you can't make it drink'. We take the pick of Canada's Burley crop and prepare it for your pipe by the most modern methods. But getting the benefit of this mild, cool, sweet smoke—that's up to you. So try it. You'll agree with the thousands who say 'It DOES taste good in a pipe!'"

Why Use A "Sissy" Laxative?

Chronic constipation has to do with the colon or large intestine. Unless the large bowel is thoroughly emptied from time to time you become a victim of chronic constipation and poisoning of the system which may result in colitis or other serious disease.

Mild or "sissy" laxatives merely cause a movement of the bowels without effecting a thorough cleaning out of the colon or large bowel. For this reason you are misled into thinking that you are doing all you can to overcome a constipated and

poisoned condition of the system. Those who know Dr. Chase's Kidney-Liver Pills appreciate the value of a real medicine which not only effects a thorough cleansing of the colon or large bowel but also arouses the liver and kidneys to activity in filtering poisons from the blood.

Once you have proven the merits of Dr. Chase's Kidney-Liver Pills you will never return to the use of "sissy" laxatives. Keep regular by using Dr. Chase's Kidney-Liver Pills once or twice a week.

LETTERS from our READERS

Waste Not Want Not
Editor, The Vernon News, Sir:
I enclose herewith a copy of a letter which I have sent to the Hon. J. G. Gardiner. Will you kindly publish it with this.

The Red Cross has recently informed me that "Waste is unpatriotic." So I am busy saving rags, and bones, and rubbish, while a perfectly wonderful protective food which nature has given us the opportunity to provide, and on which I depend for a living, rots in my cellar.

I am wondering if our armed forces, and all the little children of Canada, will be able to get eggs for breakfast if they wish during the coming winter.

The time for a planned economy is overdue!

Yours truly,
ISABELLA M. DERBY.
Lumby, B.C.

The letter follows:
Lumby, B.C., June 2, 1941
Hon. J. G. Gardiner,
Minister of Agriculture,
Ottawa.

I am a British Columbia poultry farmer in a small way, buying practically everything for my hens including electric light. Feed wheat here is \$22 a ton plus delivery.

At present I can sell only a small percentage of my eggs at ruinous prices. I have four hundred dozen on hand and they are piling up daily. In previous years I have used the cold storage plant at Vernon to tide over the spring glut. But the plant officials have just informed me that orders from Ottawa have forbidden them to take farmers' eggs without a permit which I must obtain from Vancouver. By the time I am granted it—if I am—a great many of my eggs will be unfit for storage.

If this order is general throughout the country, whoever is responsible for it must have plunged the affairs of thousands into a state of chaos.

What do you propose I should do with my eggs in order to live, pay my way, and to enable me to eventually invest in Victory Bonds?

In case you are unable to suggest anything, can you tell me if there have been any arrangements made for the relief of egg farmers?

Thumbs Up, Cheerio!

Editor, The Vernon News, Sir:
I have read in Canadian newspapers recently that there is some kind of competition among people who have been "bombed out" of their homes. I have not the distinction of being one of that great army and do not wish to qualify for that honor. I would, however, wish to give your readers, many of whom are incidentally my friends, a slight idea of what these Jerrie Mills are like. In the first place, one may say that living in this country is a gamble, when the warning is sounded, radios are either tuned very low or switched off and the first question is invariably "I wonder who is going to get it this time." If the time is evening, some people will go directly into their shelter, while the men of the family often stroll out in the garden to see what can be seen. As soon as the barrage starts tardy ones make for their shelters also, that is if they have got one.

Warnings are sounded nearly every day at this time of year, especially at periods of the high moon, and this small place where I live has had two outside blitzes during the past week, one happened on the night of... In which Jerry dropped several high explosives some of which fell on business premises and dwellings. These flattened out the property and consequently caused a number of deaths and put a number of people in hospital. In addition to this we had thousands of fire bombs rained on us and several fire bombs started in houses and small business places.

Most of these fires were put out promptly, as everyone is a prospective fireman these days, and the worst fire that night was out in about four hours. An added risk of fire is contained in the fact that many residents have looked up their homes and gone to the country and if a fire bomb ar-

rives on any of these dwellings, one cannot enter freely in order to prevent fire starting.

Two days after the above, we were treated to the worst bombing we have had in this part of the country since war started. Again there were some fire bombs dropped.

I have not been able to get to know how many deaths there were in this raid, but the number is considerable for the size of the place, and the injured are many. I shall have to knock off now as there is a raid on. I have been up on the roof for an hour, the day is bright and sunny and a high wind is blowing. The barrage balloons, which were various low heights, have been rushed up so high that they look like toys. Six bells has just sounded on the river and in about two hours my period of fire watch will be at an end and the permanent night fire watch will take over. This fire watch business is a lonely affair, especially at night. The staff do not do any night watching any more at this shop. The planes which are about must be very high up as I could not see any sign of them as I stood around and except for the wind everything was quiet, the raiders have passed over without showing themselves and the "raiders passed" has just sounded.

And now, Sir, I think I must have bored you enough. I would say that since writing you last I have moved to a smaller house but the offer of accommodation to any of the Vernon lads who would care to visit this part of the country is still open, and with kindest regards to you and yours and to all my friends, I would say "Thumbs Up and Cheerio!"

ED. HOGGARD

Whitby Bay,
Northumberland, Eng.

Note.—Part of Mr. Hoggard's remarks were evidently too vivid for Canadian consumption, for his censor's scissors were very active in deleting bits of his letter.

Forgotten Wales

Editor, The Vernon News, Sir:
Lately I had the great pleasure of listening to Mrs. Alice Heming addressing a large crowd at Lumby, on her experiences in Nazi Germany and bombed Britain. This was one of the finest addresses of the kind I have heard. It was a quiet, from the heart talk of real events, that evidently were very real indeed to the speaker.

Believe me the faces in that hall were deeply respectful and sympathetic to her and rightly so. In one part of her speech, this lady said that our Canadian boys are highly thought of and that a Canadian soldier, even one who may have lost his kit, is welcome to walk into any house in England, then she humbly added "and in Scotland." Fine Mrs. Heming, but why not also "and in Wales," and I say Ireland for that.

The boys they are being welcomed there, I know and so are thousands of English refugees. Wales is taking it on the chin, both in Wales and in England. The casualties among Welsh homes and churches in Liverpool and in Lon-

don has been very heavy, as well as at home. Unfortunately English speakers and writers have a bad little habit of forgetting Wales in their "honorable mentions." This is a pity. I know it is not an insult, just an oversight on their part, but it is a habit they should sternly repress.

The men of Wales are manning ships and guns and planes. The women make room in their homes and their schools to little children who babble a strange tongue to their own little ones. Yet while the bombs fall around them they all sing gallantly, "There'll Always Be An England." Yes, I sing it too. I sometimes wonder how many English people would sing as heartily, "There'll Always Be a Wales."

By the way, we call ourselves Cambrian Britons, you know, and Roadies was one of us. You know, the queen who stayed in London town when London Bridge was falling down, before there ever was an England. This is the Battle of Britain, let all our speakers remember, and not just the Battle of England. I still hope "There'll Always Be An England," and that God will bless our King and Queen, and Mrs. Heming and her gallant husband.

Yours very earnestly,
JENNY SAUNDERS,
Trinity Valley, B.C.

Magpies and Eagles

Editor, The Vernon News, Sir:
Your last issue cites the shooting of a magpie with a pheasant poult in his throat as "irrefutable proof of the destruction caused among game birds by magpies."

It is no such thing. There are hundreds of drowned chicks lying about the country side and the magpies are fulfilling their duties as scavengers by eating them. I suppose the fact of the money being found in Benjamin's sack is irrefutable proof of his dishonesty? I hold no brief for the magpie but at least he need not be the victim of false logic.

The golden eagle is being accused of reducing the mountain sheep population. Have any of his detractors seen him kill a healthy kid? He is found devouring one—probably a weakling or dead one. That is sufficient "proof." Immediately a hue and cry is raised and the yelping pack of human bipeds answers the call and is hot-foot on its trail. Even were he guilty of murder the average citizen would prefer to see him soaring majestically over our val-

leys than hanging on a gibbet. We cannot all trek to Short's Mountain to see a semi-tame sheep, but we can enjoy the sight of this noble bird in our midst. I suggest that if our so-called sportsmen find their trigger-finger suffering from the "itch," they devote their energies to shooting the enemies of civilization. I for one strongly object to public money being paid out to wardens to slaughter one of our noblest birds.

AUGUSTINE C. MACKIE, Coldstream, June 6.

BUY WITH YOUR EYES OPEN

Only GYPROC Fireproof WALLBOARD
(Made From Gypsum Rock)
Combines All These Advantages:

1. Lifetime Beauty with GYPROC
No need to ever worry about walls and ceilings cracking—warping or sagging—when you build with Gyproc Wallboard. Guard against expensive repairs by demanding Gyproc when you build or remodel.

Note: Ordinary wallboards cannot guarantee this permanence.

2. Double Fire Protection with GYPROC
GYPROC Fireproof WALLBOARD is made from rock and will not burn. Equally important, GYPROC is a protective shield that prevents any ordinary fire from spreading. It pays to demand the double safety of Gyproc for your home.

Note: Many types of wallboard are not fireproof.

3. Unlimited Choice In Decoration, with GYPROC
Only GYPROC WALLBOARD has the four bevelled edges, which permit joints to be filled flush, giving you perfectly smooth walls and ceilings. That's why only with GYPROC WALLBOARD can you have any style of decoration you want.

Note: Plush, seamless walls and ceilings cannot be obtained with ordinary wallboards, so that your choice of decorative treatment is limited.

TO IDENTIFY GENUINE GYPROC
1. Look for the name GYPROC on the back of every board.
2. Look for the Green Stripes on both side edges.
Gyproc is sold everywhere in Canada by Lumber & Builders' Supply Dealers
